<p><b>Opinion</b>          The way I see it,          In my view,          In my opinion, I think that          My view on the matter is...          As far as I understand it,          As far as I'm concerned,          I'd say that...          I personally am (not) a big fan of...</p>	<p><b>Evidence/Popular Opinion</b>          All the evidence points to/suggests...          I think you'll find that...          If you ask anyone,...          The vast majority of people would say...          We have no evidence that...          9 out of 10 people would say that...          There's no evidence to support that whatsoever.</p>
<p><b>Main arguments</b>          I support/oppose the notion that... for the following reason: Firstly,...          The key issue here is...          The real question/dilemma is... (question form)          The critical/crucial factor here is...          It's vital to remember that...          By far and away the most important point is...</p>	<p><b>Adding points</b>          What's more,          On top of that,          Besides that,          Apart from that,          Another thing to consider is...          We shouldn't forget that...          It's also worth bearing in mind that...</p>
<p><b>Rebutting/Cross-Examining</b>          So what you're saying is...          So let me get this straight...          Correct me if I'm wrong but...          You're not seriously suggesting that..., are you?          You can't possibly be saying that...          I feel I must also disagree with you about...</p>	<p><b>Conceding/Partially Agreeing</b>          I admit that your point about... may be true, however,          I take/see your point about...          Let's say I agree with the idea of...          I hear what you're saying, but...</p>
<p><b>Conclusion</b>          In a nutshell,          So to sum up,          So in summary,          So to wrap up,          So as I was saying,          All in all,</p>	<p><b>Debate Structure</b></p> <ol style="list-style-type: none"> <li>1.
