## Business Interview

### Activity1

**Presenter:** Welcome to today's show. We're very happy to have Anna Oliveira as our guest today. Anna is the creator and founder of HomeworX – spelled with an 'x' we should note – an app which helps teenagers with their homework. Thanks for coming in, Anna.

**Anna:** Thanks for having me.

**Presenter:** So, tell us about your app. How does it work?

**Anna:** Well, teenagers and their parents have numerous challenges when it comes to homework these days. In many families both parents work and don't have much available time to help their kids with their homework. And even if they do have time to help, they may not be able to offer support with the content. What I mean is, they may not know, or at least remember, enough in any given subject to support.
